

**SCHULZE BRAKEL**

Foam for a better sound

# That's us

## COMPANY

Schulze-Brakel is the leading manufacturer of foam solutions for the improvement of sound.

From a virtually unlimited choice of customized Windscreens ("Schulz") for radio, television, sport and special events, to OEM Windscreens for leading microphone manufacturers and our high-technology choice of premium DeadCats.

Since 1949 we are focusing on serving customers with the best quality product combined with a best-in-class customer service and short delivery times.

Sound insulation products for the automotive industry, noise protection earphones and exclusive solutions complete our product offering.

We are ISO 9001 -certified. Quality is the base for our business and always the focus on whatever we do.

We are proud to be an environmental friendly company. From using foam produced by German manufacturers following the most strict regulations, to transforming the material without any toxic fumes or byproducts.

## PRODUCTS

### 'Schulz' - World leader of printed windscreens

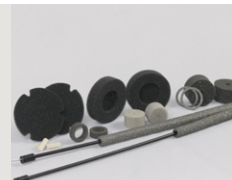

The original "Schulz" is your face to the audience. Great for advertising purposes for your company. Any logos in any desired color will be produced to the customer specification.

### Exclusive solutions

2D, 3D, and 4D shapes, cutting, milling, punching, slicing and coloring.

You name it, we can do it!

### OEM windscreens for leading microphone manufacturers

Customized windscreens with a virtually unlimited choice of shapes, colors and surfaces. Perfectly adapted to your product.

### DeadCats

Refined to fit in a variety of all wind and weather conditions, from mild to extreme. The optimized combination of vegan fur and SchulzFoam filters unwanted noise while still maintaining a natural sound.

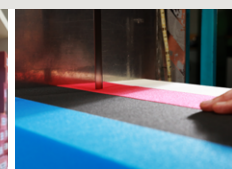

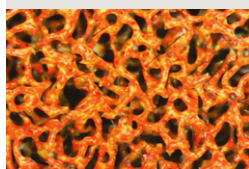

## TECHNOLOGY

- > Four-axis speed milling
- > Slicing, drilling, punching and 2D cutting
- > Surface treatment for great look and haptic. Unlimited choice of colors.
- > Four in-house printing technologies: SchulzEco, SchulzScreen, SchulzTech and Schulz3D

## MATERIALS

- > Polyurethane foams with open-pore technology made in Germany
- > Flawless surface with rigid in-process quality control
- > UV-stable for prolonged longevity
- > Reticulated for best-in-class sound transparency
